

Questions and Answers
Amendment - July 25, 2006

12. Please provide further clarification on Attachment J (Pricing Grid). Specifically, if a firm is replying to serve as strategic advisor on all projects, are they still required to fill out both Part I (Cumulative Pricing Grid) and Part II (Project 1, 2 and 3 Pricing Grid)? Additionally, are they required to fill in all four alternatives on Part I? (*Robert Collins, Morgan Stanley*)

While we recognize that certain information provided may be duplicative, we ask that vendors bidding to provide services on all projects complete both Parts I (cumulative) and II (project pricing) of Attachment J. Our failure to address the question in the Q & A resulted from our not receiving your correspondence of July 19.
