Supplementary Examination Announcement

FORENSIC SCIENTIST TRAINEE - 15897

Monthly Salary Range: \$3792 - \$5601

Option A - Firearms/Tool Marks, Latent Prints, Questioned Documents and Imaging Photography laboratory disciplines.

Option B - Trace Chemistry/Microscopy, Drug Chemistry and Toxicology laboratory disciplines.

Option C - Biology and DNA laboratory disciplines

A separate application is required for each option.

General duties: A Forensic Scientist Trainee, under immediate supervision, for a period of six months and not to exceed twelve months, participates in an agency sponsored training program receiving working assignments designed to develop knowledge, understanding, and technical skills related to one of the specialty areas of the Forensic Science Laboratory System; receives instruction and must demonstrate proficiency in the various examinations, techniques, and instrumentation used in the assigned specialty area; observes courtroom procedures and courtroom demeanor and participates in skill development mock trials.

Minimum training and experience:

Option A: Requires a bachelor's degree in natural or forensic science.

Option B: Requires a bachelor's degree in natural or forensic science plus 20 semester hours of chemistry with a total of 60 semester hours of natural science.

Option C: Requires a bachelor's degree in natural or forensic science plus successful completion of a total of at least nine (9) semester hours (14 quarter hours) coursework in the three DNA class requirements of genetics, biochemistry and molecular biology with a total of 60 semester hours of natural science.
